International Silat Federation of New Haven

The Downtown Evening Soup Kitchen (DESK) has had a wonderful partnership with the International Silat Federation of New Haven since 2006. Every week DESK receives rescued pastries for evening meals do to the diligence of members of the International Silat Federation of New Haven.

The International Silat Federation of New Haven has also been extremely generous in conducting food drives for the DESK. In 2007, they initiated a food drive that gleaned over 100 pounds of food. In addition to rescuing food for DESK, they have also assisted in the serving at the evening meal numerous times. They are a welcoming group and are a wonderful addition to the dining room when they serve.

In 2008, the International Silat Federation of New Haven received an Outstanding Volunteer Award for their outstanding service and continued support to DESK.

Their partnership is a valued resource for DESK

Sincerely,

Diana M. Richter
